16. (Internal Use Only - LLM) LIAISON Spoke first with Lewis Hunter and at his request, John Galant, both of GAO, in follow up of the Special Subcommittee on Intelligence, House Armed Services Committee, request that GAO review a proposed sale of Agency equipment. Hitchcock asked me if I had heard anything about this. I told him I had not and while I did not have the statute in front of me it was my recollection that the Case Act specifically required that the Executive lift the injunction of secrecy before international agreements submitted under it were published.
